**Speaker: Omar Segovia**

**Ethnic Church Planting Catalyst  
for the Missouri Baptist Convention**

Omar was born in Chile, but immigrated with his family to Canada when he was six. He grew up there around people who cared and shared the gospel with his family. They attended a Spanish-speaking Baptist church, and while in school, Segovia felt God's call to ministry. While in the Middle East as an IMB Journeyman he met his wife, Janna, a Missourian. He proudly became a U.S. citizen in 2018.

Now, as the MBC ethnic church planting catalyst, his job is to help make sure that those new to the U.S. get to hear the gospel the same way his family did.
